

Interview with Willie Meyer

TheReader.es, Almeria News, 8th October 2009

Willie Meyers is an Izquierda Unida (United Left coalition) MEP who recently asked to come down to Almería to see for himself the damage wrought in the province by uncontrolled building. As one of the original backers of the Auken report, which heavily criticised the regional and Spanish governments for allowing urban abuse and infringement of EU citizens rights, and as a born Andalucian, he is naturally concerned about the destruction of the province.
